

Iowa History and Culture:  
A Bibliography of Materials  
Published from 1987 through 1991  
Part 3

COMPILED BY PATRICIA N. DAWSON

THIS BIBLIOGRAPHY completes the listing of works on Iowa history and culture published during the years 1987–1991. Two previous installments appeared in the Spring and Summer 1993 issues. This bibliography supplements the book, *Iowa History and Culture: A Bibliography of Materials Published Between 1952 and 1986*, compiled by David Hudson and I and published in 1989 by the State Historical Society of Iowa in association with Iowa State University Press. Subject arrangement of this listing follows closely the organization of the 1989 book. Brief annotations are included when the subject classification or title do not sufficiently reveal the nature of the material. Included in this list are a few items published earlier than 1987 that escaped us in the compilation of the 1989 book.

I would like to thank David Hudson and Earl Rogers of the University of Iowa for invaluable assistance in retrieving citations, and the staff at the State Historical Society of Iowa for clarification of some material.
