## THE NEWSPAPER COLLECTION OF THE HISTORICAL, MEMORIAL AND ART DEPARTMENT OF IOWA

BY EDWARD F. PITTMAN

This institution came into existence in 1892 and was founded by the Hon. Charles Aldrich. Newspapers were offered him by publishers in Iowa—bound volumes as well as current papers. In 1905 many leading dailies of the United States were received upon subscription, until 1914 when it was found necessary to discontinue these on account of the crowded condition in the newspaper division.

We now have 10,995 volumes of bound newspapers. Of these, 2,341 non-Iowa papers were taken from our stacks in 1923 and stored where they are not accessible. All these 8,654 volumes remaining, are Iowa papers, except 225 volumes of the *New York Herald* and 103 volumes of *New York Times*, and 17 other various old New York papers. The *Herald* and the *Times* give us a continuous New York paper from 1848 to 1923.

We have 2,299 volumes tied and ready for the binder. These accumulate at the rate of 256 volumes each year. We are receiving 276 weekly Iowa papers each week, and 32 Iowa dailies. The *New York Times* is the only non-Iowa paper we are receiving at present, and the only paper for which we pay.

During the year 1930 a rearrangement of the entire newspaper division has taken place. We have 21 steel stacks as shown by the accompanying diagrams. The stacks and sections are numbered, and the following alphabetical list of bound newspapers show the stack and sectional location of each volume. A card index of my own invention, shows the exact shelf upon which each volume rests, requiring no searching when you reach the proper stack, whose number and number of sections are plainly painted upon the floor, as indicated in the diagram of the floor plan of both stack rooms.

The oldest paper we have is the *Boston Chronicle* of 1768, which is now 163 years old. We have a few other papers over 100 years old, all of which are in a good state of preservation. We have a year of the first paper ever printed on what is now Iowa soil, which was the *Dubuque Visitor*, from May 1836 to May 1837.

Our files are used by thousands of people each year, some coming from eastern states and remaining here for weeks. Stu-

dents of colleges make much use of them in writing their theses when obtaining college degrees. These newspapers contain the real history of the state of Iowa, and are becoming more valuable as the years pass. Their appraised value is placed at \$17,335.

#### SOME THINGS ONE HAD TO DO IN 1864

---

What a pleasant thing it is to be disturbed by the following language from your better half after dinner while you are endeavoring to enjoy yourself with a newspaper and fragrant cigar:

"My dear, I wish before you return to your business that you would bring up a few armfulls of wood; then take the tub down to the cooper's shop and have a hoop put on it; then hunt up a drayman and get him to haul a barrel of soft water from the river; then go over to Ankeny & Dart's and get a supply of sugar and coffee; then go to the different stores in town, and keep hunting around until you find some eggs; then take this shoe to Mr. Corning and have it repaired; and then if you have time, you may bring in a pail of water; and before you get up from your chair if you have a handkerchief in your pocket, you will be so good as to wipe that child's nose!"—*Daily State Register*, Des Moines, February 21, 1864.
