

The Indicator

 The twenty-fourth annual spring dinner of the Friends of The University of Iowa Libraries will be held at the Ironmen Inn, I-80 at Exit 242 in Coralville, on Friday evening, April 29, 1988. The speaker will be Vartan Gregorian, president of the New York Public Library.

 In 1986 Chef Louis Szathmary of the Bakery Restaurant in Chicago presented additional materials relating to the culinary arts to the University Libraries. In large part the gift is made up of German, Irish, Czech, English, and American manuscript cookbooks, dating from the seventeenth through the twentieth centuries. Included is a handwritten cookbook of Katharine Schratt, mistress of Franz Joseph, emperor of Austria and king of Hungary, which gives some insight into Viennese society about 1900. Other parts of the gift are *Der Amerikanische Bierbrauer*, the official organ of the United States Brewers Association, 1869-1884; wine catalogs from the *Établissements Nicolas* in Paris; books on mushrooms, canning, and cookery; and facsimiles of culinary manuscripts. One of the high points in this year's gift is an unpublished typescript by Chicago author Nelson Algren. Entitled "Am Eats [America Eats] Algren," the article describes food and customs that he observed when he was working for the WPA Writers' Project during the depression.

 The University of Iowa Libraries are fortunate to have received gifts establishing several endowed funds for the purchase of materials on particular subjects. From time to time *The Indicator* will report on selected acquisitions made possible by these funds.
