

Audrey Tolliver

I BE

I be mean

I be strong

I be bad

I be wrong

I be single

I be poor

I be fertile

I be whore

Say my neck roll with a snap
Say that sisters don't take no crap

Say I be tough and I don't cry
Well it's time you stopped the lie

Cause when I forget what I'm sposed to be
I've even managed to be me
