

## GOATLINGS DISMISSED?

Weeds are skinned in the hammer  
and a hammer is a metaphor for

mouth. Pee, pee! Stream! A flow!  
Stream! Tock tock, knocking,

mouth on the entrance,  
mouth on the entrance. Sulfur

is ice. Sulfur is ice. See, to  
unreel the hair and

proceed. I'm meeting handcarts,  
foals and little bears.

Everyone has his millipede to  
crawl or sail or spin or

swim with. Dewy is this tunnel.  
Dreadful is this tunnel.
