

SAMPLER CITY

The cities came from twelve girls
within one. The sample girls
searched for a bloodeye in a city
weighty with mountain fluenzas.
In the sample city, most expectorants
enchanted them; in the sample city,
feral mistakes for fevers as a fear.
An ample girl broke for a few
to middling. Some girl had not yet
started to fast. No girls reared the cities
or selected randomly. Their secrecy
carries like a red wool coat, and their coughing
transferred to the girl entire.
The know-best girl felt her wholehearted oats
running overloud and melted.
Girls resembled the state hospital,
and a plague slept between them.
A sample girl contracted a young tarnish there;
she lay outside her own drunkenness.
She doesn't want to be known as "hospital girl."
The legality of one large cold
contracting another four or fire.
Girls who had never had additional names
character the sample. The modern girls'
mercy was phlegmy or pneumatic, stitched
in lavish symptoms. Through their methods,
a drowsy of watching. Find a few
autonomous girls, the scarcity girls, the type girls
who sneeze at nothing. Cities inflame the storm,
and no girls called club today. After that, the games
dedicate and the sample's purpose congests.
But girls are cities of no containment.
Every girl was once a catchall but commitless.
