

Compass

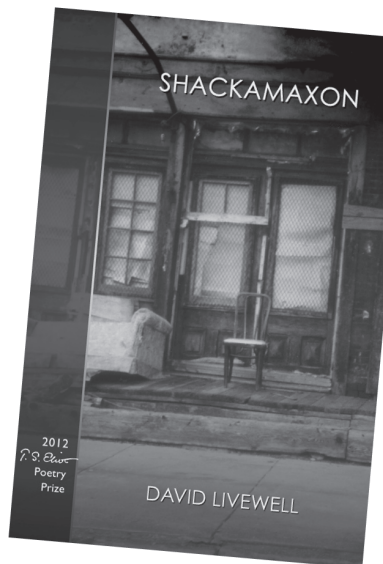

Luc Phinney

2013 T. S. Eliot Prize

\$18 paper \$9.99 ebook

"Luc Phinney recalls the ancient notion of poet as maker, for *Compass* possesses the imagistic substance, auditory sway and verbal materiality of a made thing. Each poem is like an architectural structure whose lines have been measured, leveled and hammered into place, yet for all the hard labor that went into their making, their interior spaces are filled with the spirit of human affection.

As tender and open-hearted as it is determined, as intimate and adoring as it is dramatic, *Compass* forms a wonderfully accomplished addition to contemporary American poetry." —Sherod Santos, 2013 T. S. Eliot Prize judge
