The State Historical Society encourages submission of articles on the history of Iowa and the surrounding region that may be of interest to the general reading public. The originality and significance of an article, as well as the quality of an author's research and writing, will determine acceptance for publication. A brief biographical sketch should be submitted. All manuscripts must be double-spaced on medium weight paper. Ordinarily, the text of an article should not exceed 25 to 30 pages. As far as possible, citations should be worked into the body of the text. In this and other matters of form, THE MLA STYLE SHEET is the standard guide. Black and white and colored illustrations are an integral part of THE PALIMPSEST. Any photographic illustrations should accompany the manuscript, preferably 5-by-7 or 8-by-10 glossy prints (unmarked on either side) or color slides. Send inquiries to: Editor: Division of the State Historical Society, 402 Iowa Avenue, Iowa City, Iowa 52240.
